TAMA LIVING Design: EOOS.

Tama Living is the setting for the special moment. A clear picture of symmetry, lines and surface, giving the sofa the opportunity to reveal its rhythm: gaps in the backrest make the sheer volume seem less. Side tables featuring the best saddle leather pleasantly nestle up against the upholstery. And there is a special place for that glass of wine, too: not beside but in the sofa – the tray made of solid wood and saddle leather makes sure of that. An ingenious tune on a keyboard of hushed tones. Tama Living – a sofa like a piece of classical music. A composition for cultivated living.
